## North Carolina Family Policy Council

Additional remarks to questions.

8. It appears to be a done deal. The voters should have been allowed to vote on this issue.
11. I think there is some merit in returning some monies that they pay in taxes for schools that their children do not use or receive any benefit from.
12. If a child has become pregnant because of rape or incest, or the mother's life or health is in danger, then I feel that these situations must be addressed individually. These are serious issues and have serious consequences especially when a child was in no way at fault.
14. First of all I don't condone this lifestyle. However, this question has no easy answers. Is it better for a child to stay in institutions or foster homes or even out on the streets and not have advantages in life and be loved by someone? I know the concern is sexual orientation and it is a big moral question. I don't know the answer but I think there should be some serious studies done on this.
16. I think people morally know they should not commit suicide assisted or otherwise but I'm not sure I would want to make it illegal and put an 80 or 90 year old spouse in jail because he helped his terminal spouse to end his/her suffering. We all will be individually accountable for our actions one day.
17. I am a Christian and my Christian beliefs make me what I am. I cannot and will not separate myself from my Christian values.
