Dear Bill & John:

I recently received your election survey and would like you to know that it is my intention during the 2006 cycle to not to answer questionnaires. I like to reserve the right to keep an open mind and listen to all sides of the debate on any issue that may come before the Senate.

However, I would like to say that I have a legislative record showing support for many of the important issues you discuss in your survey. Below I have highlighted several of the key votes I have taken to show my commitment to North Carolina's families:

- Defense of Marriage Act – legally defining marriage in North Carolina as between one woman and one man
- Prohibiting contributions from registered lobbyists
- Teaching character education in our classrooms
- Banning video poker
- Support displaying Ten Commandments in schools

It has been an honor to serve in the NC Senate and work to move our great state forward. I have enjoyed the working relationship I have with the NC Family Policy Council and I look forward to continuing that once the 2006 election is behind us.

Please feel free to contact me if you have any questions or concerns.

Sincerely,

A handwritten signature of John Kerr in black ink, written over the printed name "John Kerr".

John Kerr
